

# Eddie Meyers Memorial Scholarship Application

Interested logging companies and businesses of Iron County, in remembrance of Eddie Meyers, a logger who lost his life in the woods, fund the Eddie Meyers Memorial Scholarship. Not only was Eddie a logger, but he served his country as a member of the United States Military.

Although the recipient need not intend to major in a forest related field, he/she must plan to further their education at a college or university, and have an appreciation for those who manage our great forest resource. Those graduates who will enter a branch of military service after graduation, will also be considered as potential recipients of the Eddie Meyers Memorial Scholarship.
