

The John P. Oros Scholarship was created in the fall of 2016 in remembrance of John Oros. John was a maintenance technician for Cleveland Cliffs Mine and later part of the Ironworkers.

One of John's passions was working on vehicles with his many friends. They pulled many all nighters swapping engines, building bodies and fixing someone's broken rig.

The Auto Service and trade industries are in need of certified people who have a love and a passion for what John did. We hope this scholarship helps a young man or woman achieve that goal.

John P. Oros Memorial Scholarship Qualifications and Submission Information
